

John Dolittle

This is WIP #2. Next release is probably final. Someday, this is where John Dolittle's bio will go. Playtest questions:

- Which animals did you get?
- Does this character feel overpowered?
- Can you think of any clearer wording for gold 1001?
- Do any cards feel useless?

We also want to know:

- Do you see anything we could do to make the fan cards blend in better with the normal cards?
- Do you see any spelling mistakes or templating issues?
